EXPERIENCE

HIGHLIGHTED PERSONAL PROJECTS

Full-Stack Web Developer

Remote
May 2023– Present

WOS Concert Page – A webpage that gives information about a concert that is going to happen.

- Built with: HTML & CSS, JavaScript.
- Check out the webpage [👉 WOS Concert Page](#), Open as GitHub Repository [👉 Project-Concert-page](#)

To-do- list – An interactive webpage where you can add your day's to-do tasks and keep track of the tasks.

- Built with: HTML & CSS, JavaScript.
- Check out the webpage [👉 To-Do-List](#), Open as GitHub Repository [👉 Project-To-Do-List](#)

BudgetMap – BudgetMap is a Web application created with the help of the Rails framework. This app provides the total budget of a user based on their expenditures from different categories of their financial activities.

- Built with: CSS, and Ruby on Rails.
- Check out the Application [👉 BudgetMap](#), Open as Git Repository [👉 Project-BudgetMap](#).

Project Math Magicians – A fun interactive single-page app. This page consists of a calculator and also a subpage that interacts with an API to get a random quote.

- Built with: React, and JavaScript.
- Check out the Webpage [👉 Math Magicians](#), Open as GitHub Repository [👉 Project-math-magicians](#).

MICROVERSE

Mentor (Volunteer)

Remote
May 2023–Present

- Mentoring 3+ junior web developers, and providing technical support through code reviews, and Zoom Sessions.
- Contributed to 2+ open-source projects and proposed improvements to code organization to improve code quality and overall performance by 100%.

EDUCATION

MICROVERSE

Remote Full Stack Web Development Program, Full-Time

May 2023 – February 2024

- Spent 1300+ hours mastering algorithms, data structures, and full-stack development through developing projects with Ruby, Rails, JavaScript, React, and Redux and achieved a 95% score on the final capstone project.
- Developed skills in remote pair programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers and worked on over 15 projects.

KL UNIVERSITY

Bachelor of Technology, Electronics and Communication.

June 2019 - (In Progress)

- Specialization in Wireless communication.
- Hands-on experience with projects based on Arduino Boards and Python.
